

This is an important message from Forestville Central School District.

Next week, Wednesday, April 21st at 7:00 p.m., we will be hosting a zoom meeting for all parents of Forestville Central School District students.

We have reviewed the New York State Department of Health guidelines. We will be sharing with you our important updates and how these new guidelines impact Forestville. We will also be reviewing the changes to our school plan and answer any questions you may have.

The number of students and staff that have tested positive for COVID-19 this week has been very concerning to many. With the infection rates in mind, we need to take a slow and thoughtful approach as we change our school plan. The guidance also requires us to consider the infection rates as we plan to have students return to school in an in-person model.

If you need more information about the zoom meeting being held next Wednesday at 7:00 p.m., please email info@forestville.com. If you are interested in attending this meeting via zoom, please contact Kristin Irwin at kirwin@forestville.com or call 965-6539.

The health and safety of our students and staff continues to be our top priority. We are going to maintain our due diligence in all of the safety measures. We want to make sure everyone is safe. We will continue to closely monitor our infection rates as we move through the next few weeks.
