

The following All-Call is going out at 4:00 to all contacts of students ages 5 to grade 12.

Forestville Central schools is partnering with the Chautauqua County Health Department to host a voluntary and free Covid vaccination clinic for all students ages 5 to grade 12 on Thursday, February 10th during the school day. Only students that have parent permission will be allowed to participate in this clinic.

The vaccination for COVID-19 is a personal choice, and not required for school attendance. As more students and individuals are vaccinated, the easier and safer our school will be. Fully vaccinated students who are exposed to a Covid-positive individual will not be required to quarantine unless they show Covid-like symptoms. This allows students to remain in the classroom and continue to be a part of extra-curricular activities.

If you are interested in having your child vaccinated against COVID-19, please contact your child's Main Office to schedule an appointment.

This information and more can be found on our school website at www.forestville.com
