Discussion Items:

Syl spoke about having a 30 to 60 second video with positive messaging to students during morning announcements. The message would be an example of how someone overcame a form of adversity. Dan Added that the message could also be added to the website for all to watch this would give transiency to the video. We decided we should have an example of a video to give the committee an Idea of what the message would look like. Mike LoManto clarified that the DEIC is not the same as critical race theory.
