Smart Schools Bond Act - Project Number

Thank you for your contact concerning a proposed Smart Schools Bond Act project.

☐ Project is a Community Connectivity or Classroom Learning Technology Project (*Equipment only-no wiring/construction required to support devices*). No further action is required.

☒ Project is a High-Tech Security Features (*scope similar to NY SAFE Act*) or School Connectivity Project (*Equipment only-no wiring/construction required to support devices*). **Project is eligible for streamlined review** – does not require submission to Office of Facilities Planning for a Building Permit

- School District will be required to certify that the scope of work eligible for streamlined review has been reviewed by a licensed Architect or Engineer for Code compliance, and provide the license number of the Architect/Engineer
- School District must complete SEQRA action for the scope of work eligible for streamlined review

Streamlined Project Number: 06-15-03-04-7-⁹⁹⁹~~541~~-BA1

☐ Project is a High-Tech Security Features (*wiring/construction is needed to support devices*), School Connectivity Project (*wiring/construction is needed to support devices*), Replacement of Classroom Trailers, and/or Pre-Kindergarten Program. **Project requires submission to Office of Facilities Planning for a Building Permit.**

The project control number on the attached paperwork **must** be affixed to all exhibits which accompany an application for a Building Permit **and** approval of final plans and specifications, if required.

All items and exhibits must be sent to the Project Manager. Please remember to affix the project control number to each and every document.
