

Name _____

History of the Earth, Lesson 1: Our Home, Earth

Read Aloud Review

Today we learned about who a geologist is. A geologist is a person who

studies

rocks

and what is inside the

Earth

Some scientists believe that the Earth was formed a little over four

and a half billion years ago. It is in the shape of a

sphere

We also learned that when we think about geology that three important

words are

time

,

heat

,

and

pressure

.

Word Work
