

Name _____

History of the Earth, Lesson 7: Fossils

Read Aloud Review

Today we learned about fossils! Fossils are really cool because they prove that something was alive a LONG, LONG, LONG time ago. Your job is to look at the picture of the fossil and match it to the picture of the living thing.

Word Work

trace over the word:

Preserved

Meaning: If something is **preserved** it is kept in a good condition for a long period of time.

Directions: Draw a picture of something you would **preserve**.

If I could **preserve** something, I would **preserve** _____.
